Tuscarora Gas Transmission Company; Notice of Filing

June 5, 1998.

Take notice that on June 2, 1998, Tuscarora Gas Transmission Company (Tuscarora) submitted a filing justifying its existing rates.

Tuscarora states that this filing is in satisfaction of a condition imposed on Tuscarora in the original certificate order issued on May 31, 1995, in Docket No. CP93-685-000. The certificate order required that Tuscarora submit a filing either justifying its existing rates or proposing alternative rates to take effect no later than the third anniversary of the in-service date. The third anniversary of Tuscarora's in-service date will be December 1, 1998.

Although Tuscarora's revenue requirement supports a firm transportation rate that is higher than Tuscarora's current rate, the company proposes to retain its existing rates for firm and interruptible transportation service. Tuscarora states that its filing will not result in a change in rates for any class of service or customer.

Tuscarora states that copies of its letter of transmittal, including the statement of nature, reasons and basis, and a summary of the cost of service and rate base filing were mailed to all customers and the state commissions of California, Oregon and Nevada.

Any person desiring to be heard or to protest this filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed on or before June 12, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public

inspection in the Public Reference Room.
